SUBJECT: WELFARE DATA TRACKING IMPLEMENTATION PROJECT (WDTIP)
 AND THE COUNTY INFORMATION SHEET (CIS)

The purpose of this All County Information Notice (ACIN) is to distribute the list of county contacts for the Welfare Data Tracking Implementation Project (WDTIP). The WDTIP county contacts are points of contact to respond to other counties' inquiries about recipients' time-on-aid information. Additionally, this Notice provides counties with the most up-to-date WDTIP County Information Sheet (CIS) and guidance on when to use the document.

The Health and Human Services Data Center and the California Department of Social Services (CDSS), in consultation with counties, have developed WDTIP to assist counties in tracking welfare time-on-aid across counties and over time. The two Departments have been working closely with counties to convert their county-specific information to the Tracking Recipients Across Counties database, also known as WDTIP. At this time, 52 counties are electronically sending welfare time-on-aid information to WDTIP.

DEVELOPMENT OF WDTIP COUNTY INFORMATION SHEET

Currently, WDTIP holds time-on-aid information for 52 counties and, therefore, it is not fully populated. To provide counties with a summary of the information contained in WDTIP, the CIS was developed. County and consortia representatives provided the source system details that are represented on the the CIS.

The CIS (Attachment 1) provides counties with a summary view of the data provided to WDTIP by all counties. Specifically, it lists each county and provides a description of that county's ability to electronically transmit Temporary Assistance to Needy Families (TANF) and California Work Opportunity and Responsibility to Kids (CalWORKs) program details as they relate to time on aid. Additionally, the information sheet

displays the dates in which the counties can supply historical information to WDTIP. To provide clarification on the CIS, we have attached a document that describes the Column headings (Attachment 2.) Since at this time not all counties have converted to the WDTIP, the County Information Sheet is considered a work in progress document.

USE OF THE CIS

When researching a recipient's time-on-aid information and viewing the WDTIP system, counties should check the CIS. By doing so, counties will be gaining a complete picture of the contents in the database. Examples of when to use the CIS in conjunction with WDTIP include:

- When a county receives a client on an intercounty transfer,
- At application, or
- At the time of redetermination.

The person(s) in the county who uses the CIS may vary from county to county depending upon its business practices. An office assistant, county caseworker, program specialist, or systems specialist may use the CIS. CDSS is requesting that the WDTIP county contact distribute the CIS to the appropriate county personnel in your county.

Counties are reminded that although WDTIP is a valuable source for recipients' time-on-aid information, counties must continue to consult the case records for determination of the number of months a recipient received aid, the number of exemptions and all other program requirements that affect a recipient's time-on-aid information. (For information regarding time limit records retention, please see ACL 03-01 dated January 12, 2001.)

WDTIP COUNTY CONTACT LIST

The WDTIP county contact person (Attachment 3) is the point of contact to respond to other counties' inquiries about recipients' time-on-aid information. In order for the CIS to be useful, county contacts should provide updates to the CIS when the county's system status has changed. Since the WDTIP county contact will be familiar with time-on-aid inquires, counties may also want to appoint them as the contact for out-of-state contact for TANF inquires. At this time the department will assume the WDTIP contact is also the TANF contact, unless the county notifies the department otherwise.

UPDATES TO THE WDTIP COUNTY CONTACT LIST OR THE CIS

Please provide any changes to the contact list or the CIS to Lori Christensen.
Ms. Christensen can be reached at:

Lori Christensen
CDSS, Program Integrity Branch
744 P Street, MS 14-46
Sacramento, California 95814
(916) 657-2361
FAX: (916) 657-2207
EMAIL: Lori.Christensen@dss.ca.gov

If you have any questions about this ACIN or the CIS, you may contact Lori Christensen at (916) 657-2361.

Sincerely,

Original Document Signed By

DEBORAH MCFADDEN, CHIEF
Program Integrity Branch

KEY

Supportive Services	CC = ChildCare; T = Transportation; A = Ancillary; O = other
Program Participation Dates:	Date range when the county converted this information to the ISAWS system. The first date is the beginning date of conversion; the last date is the end date of conversion.
Historical:	
Y	Historical county data is available
N	Historical county data is not available
F	Future release of county system will provide this information
?	Not sure
Dates	Date range when the county converted this information to the ISAWS system. The first date is the beginning date of conversion; the last date is the end date of conversion
For more information please Refer to the Column Heading Dictionary attached to this document	

**DESCRIPTION OF COLUMN HEADINGS WELFARE DATA TRACKING
IMPLEMENTATION PROJECT (WDTIP)
COUNTY INFORMATION SHEET**

NAME OF COLUMN	DESCRIPTION OF COLUMN HEADING
County	List of all California counties
Consortia Source System	The consortia or source system that provides WDTIP with data for the county.
Estimated Conversion	Counties are considered converted when they have sent county data to the WDTIP database also known as Tracking Recipients Across Counties (TRAC.) Pending* will display when conversion date is not scheduled. *If a county shows pending conversion, this means there is no county-supplied information in the database.
Conversion Option	Counties were given three conversion options: Option 1 consists of populating data in the WDTIP from the earliest start date that could be provided by the county (after 12/96.) WDTIP would be populated with the new data provided directly by the county. If county could not provide data back to 12/96, then the database would be populated with Pre-SAWS information (a database that was developed prior to WDTIP that contained time-on-aid information.) Option 2 consists of populating all data from the county systems back to 12/96 and deleting all county specific data on individuals. Option 3 consists of populating all data in WDTIP from the county systems back to earliest data available by Client Information Number (CIN) and deleting all county specific data on individuals. All data from the time of conversion forward would be deleted and populated with the new data provided directly by the county. If county could not provide data back to 12/96, then the database would be populated with Pre-SAWS information.
Out-of-State Aid	A county can send a transaction to WDTIP that shows a client has been on aid in another state and moves to California. There are two options: Y – Yes county can send data and N – No county cannot send data.
DIVERSION	A county can send a transaction to WDTIP that shows a client that has received a diversion payment. There are two options: Y – Yes county can send data and N – No county cannot send data.
Child Support	A county can send a transaction to WDTIP that shows child support reimbursement information from a county. There are two options: Y – Yes county can send data and N – No county cannot send data.
Support Services	Supportive services payments were received by the client. There are four columns under support services: CC stands for Child Care; T stands for Transportation; A stands for Ancillary services; O stands for Other Services. CC -Y =Yes and N =No T-Y = Yes and N=No A -Y=Yes and N=No

**DESCRIPTION OF COLUMN HEADINGS WELFARE DATA TRACKING
IMPLEMENTATION PROJECT (WDTIP)
COUNTY INFORMATION SHEET**

NAME OF COLUMN	DESCRIPTION OF COLUMN HEADING
WTW Sign Date	Refers to the Welfare-to-Work plan sign/refusal to sign date. There are two options. Y – Yes and N – No. Y means that the data in the database includes WTW Plan Sign Date/Start Date information for the county and N means that the data in the database does not include WTW Plan Sign Date/Start Date information for the county.
Program Participation	Refers to recipients' program participation information contained in the database. This column supplies the date from which the county can provide program participation information from the county or consortia source system to the TRAC application.
Sanction	This column displays the county's ability to provide Sanction information electronically via overnight batch to WDTIP. Sanctions are divided into two categories: current and historical. Current indicates Y for Yes and N for No. Historical may display Y for Yes or a date range.
Penalty	This column displays the county's ability to provide Penalty information electronically via overnight batch to WDTIP. Penalties are divided into two categories: current and historical. Current indicates Y for Yes and N for No. Historical may display Y for Yes or a date range.
Good Cause	This column displays the county's ability to provide Good Cause information electronically via overnight batch to WDTIP. Good Cause information is divided into two categories: current and historical. Current indicates Y for Yes and N for No. Historical may display Y for Yes or a date range.
Exemption	This column displays the county's ability to provide Exemption information electronically via overnight batch to WDTIP. Exemptions are divided into two categories: current and historical. Current indicates Y for Yes and N for No. Historical may display Y for Yes or a date range.
